

# WILLIAMSBURG VILLAGE CIVIC ASSOCIATION – THE VILLAGE VOICE

[www.williamsburgvillage.org](http://www.williamsburgvillage.org)

## Summer message

Mark Feinroth, President WVCA

Neighbors are again reporting that thefts in the community – especially from unlocked cars garages left open at night. Please take special care to secure your property.

Our July meeting will be devoted to electing civic association officers for the coming year and a discussion of cherry tree purchases and maintenance. A local businessman has offered to provide WVCA residents with a bulk purchase price for five year old trees. I asked a few vendor for proposals to sell the trees directly to homeowners and the best price appears to be \$260 if we are able to take at least twenty trees. We have invited Michael Hunt, the local tree provider, to our July 13<sup>th</sup> meeting. I invite any WVCA resident interested in purchasing one or more cherry trees to attend the meeting

## Communications and Directory

We are planning a new edition of the Williamsburg Village neighborhood Director and ask that neighbors visit our website at [Williamsburgvillage.org](http://Williamsburgvillage.org) and click on “neighborhood directory” in the upper left hand corner of the homepage to update your street address, phone number and email addresses. It is particularly helpful for the officers to be able to send occasional messages to the neighborhood

### UPCOMING EVENTS

July 4<sup>th</sup> Parade 10:00 am

WVCA Quarterly Meeting

Officer Election and Cherry Tree Purchase

July 13<sup>th</sup> - 7:00 pm OES Cafeteria

I also encourage neighbors to consider volunteering to help lead the Civic Association next year. At the July meeting, we will have elections for President, Vice President, Treasurer and Secretary. We also have vacancies on several of our committees including safety, transportation and newsletter.

It is also time to renew your membership in the WVCA. We are a voluntary membership organization and use donations to take care of the entranceway signs and s

when we have safety and security information to convey, such as the rash of thefts of property inside cars and garages earlier this Spring. We are also able to send out the newsletter electronically and that saves both time and funding. If you trust us with your email address, we will honor any request not to publish it in the directory.

A newsletter is competing against a lot of distractions for the re article hook the reader. And since that hook creates an expectation, the article
